

BENEFITS

- Our consultants are among the most experienced in the industry and have been involved with many major projects in the Asia Pacific region.
- Complementary skills in various stages of project lifecycle
- We have developed comprehensive toolkit of propriety and inhouse software for all types of accident consequences modelling.

OUR EDGE

- Flexible and on-time delivery of services you need, at the right price without compromising our quality of work
- That our clients still retain control but not be distracted from your core business

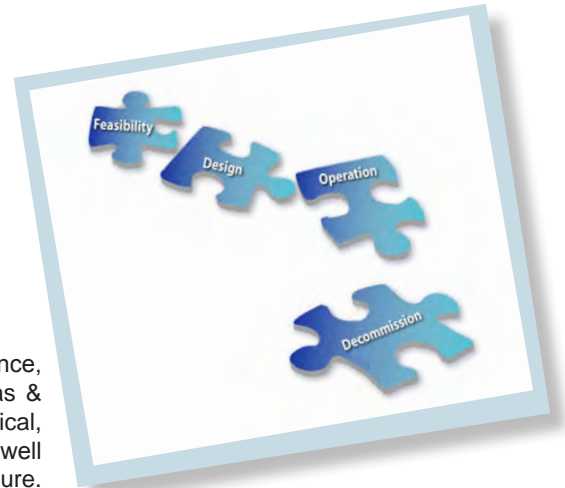

INTRODUCTION

PNA is an independent consultancy focused on providing safety, risk and reliability services and solutions covering the various phases of a project including feasibility and concept development, design, construction, installation, hook-up and commissioning, operation and decommissioning.

Our services are categorized under these 4 main groups and cover the following areas :

- Hazardous Area Classification
- Process Hazard Analysis
- Asset Selection & Utilisation
- Formal Safety Assessment
- Quantitative Risk Assessment
- Regulatory Compliance
- Consequence Analysis
- Hazard Identification
- Business Continuity Plan
- Health Risk Assessment
- Process Safety Management

Based on our consultants' experience, PNA's industry focus is on oil, gas & mining, petrochemical & chemical, manufacturing & utilities; as well as transportation & infrastructure. With time and experience, we have expanded our know-how & familiarity with local regulations and business practices and along the way, we have been building trust in our clients. It is this experience and knowledge that keeps our clients coming back and attracts new clients to us.

Our target industries :

- Oil, Gas and Mining
- Petrochemical & Chemical
- Transportation / Infrastructure
- Manufacturing / Utilities

..... reduce your risk and liabilities and at the same time,
protect your **People and Assets**
