

ABOUT US

PNA is an independent consultancy focused on providing safety, risk and reliability services and solutions covering the various phases of a project including feasibility and concept development, design, construction, installation, hook-up and commissioning, operation and decommissioning.

OUR SERVICES COVER THE FOLLOWING AREAS :

Hazardous Area Classification

Process Hazard Analysis

Asset Selection & Utilisation

Formal Safety Assessment

Quantitative Risk Assessment

Regulatory Compliance

Consequence Analysis

Hazard Identification

Business Continuity Plan

Health Risk Assessment

Process Safety Management

CIMAH / COMAH / SAFETY CASE

We at PNA have vast experience in assisting clients to comply with the regulations associated with their operations. Our involvement in preparing safety reports, onsite and off-site emergency response plan and developing safety management systems for clients from various industrial backgrounds undoubtedly makes us the preferred HSE consultant.

Our regulatory compliance services include:

- Notification of industrial activity to the Major Hazard Department
- Preparation of CIMAH / COMAH / Safety Case
- Preparation of Demonstration of Safe Operation Report (DOSO) for Non-Major Hazard Installations (NHI)
- Preparation of Onsite Emergency Response Plan
- Preparation of Off-Site Contingency Plan
- Development of Health, Safety and Environmental Management System (HSEMS)

NON-MHI : DEMONSTRATION OF SAFE OPERATIONS (DOSO)

This applies to non-major hazard sites, i.e. industrial activities which store or process hazardous substances, but not classified as major hazard installations.

The manufacturer must provide evidence including producing documents to demonstrate the following :

- Possible major accidents have been identified
- Adequate steps and actions have been taken to prevent any major accident or minimise its consequences to the surrounding environment and population
- Site personnel have been provided with information, training and proper equipment to ensure their safety
- An onsite emergency plan has been prepared and kept up to date
